AT THUNDERHEAD RANCH

Terrence Jones

Civil & Criminal Defense Attorney

BIO

Terrence didn't start his career doing the bidding of big private clients at a big law firm. He started out serving the American people as a federal prosecutor and government litigator with the U.S. Attorney's Office. So, as a lawyer, Terrence was "raised" differently than most. It isn't the Department of *Winning* — it's the Department of *Justice*. And that's how was he trained to handle cases from the moment he was sworn in: to be fair, to be just, and to always do what's right — even if that meant admitting that the government was wrong.

That's the value system with which Terrence continues to practice law and live his everyday life. At his core, he is helpful, driven by an abiding sense of right and wrong, and enjoys working in service of the greater good. Terrence is now the principal attorney at JONES LAW, the Law Office of Terrence Jones, and specializes in trial work, high-stakes civil litigation, and criminal defense. Terrence has a keen interest in workplace discrimination and wrongful termination, civil rights and government wrongdoing, personal injury, and providing criminal defense to those who have been wrongfully accused. Terrence graduated from Yale University, attended Loyola Law School, and is licensed to practice law in both California and New York.
